

# MOTHER BLOCK

By the Chalmers Family Murray Darling, Victoria, Australia

The Mother Block wines are the essence of the Chalmers story. They trace our history as growers, then makers, championing Italian varieties that are so suited to our climate, and to our lifestyle. They talk of our red sand and limestone soils and the big sky of our beloved Murray Darling region.

Our sustainably farmed Mother Blocks are not just the source of these wines, but also provide vine material to growers across the country.
