

# MOTHER BLOCK

By the Chalmers Family Murray Darling, Victoria, Australia

Aptly named 'Mother Block', these wines come from the red sand and limestone soils of the Chalmers Vineyard in Merbein, the heart and hub of everything we do. As well as it being the location of our family home and business, this unique and diverse vineyard is the adopted home to each variety that we've imported to Australia over the last 20+ years.

It is also the source block for supplying millions of vines planted across Australia through our vine nursery, hence the name Mother Block. All wines are sustainably farmed, estate grown, ethically tended, co-fermented and vegan friendly with the use of lightweight glass and labels made from 100% recycled materials.

Well hello fresh! The cooler vintage of 2022 has showcased the bright fresh and crunchy elements of all these varieties. Tangy lemon sorbet, zesty passionfruit, zingy pineapple and flourless almond cake.

It tantalizes the taste buds with the same mix of fruits on the nose, coupled with cool stream cress, a nettle texture and a super cool feel to finish.

BASED ON VERMENTINO AND FIANO WITH TOUCHES OF GRECHETTO, GRECO, GLERA AND PINOT BIANO

## 2022 SKIN CONTACT

13.1% ALC/VOL

A kaleidoscope of lemon and lime, coconut husk, Vietnamese mint, fresh and zesty, you'll want to be sitting on a desert island drinking this wine.

The palate shows all that skiny phenolic grippy pulp and texture with soft herbs, melon, a little bitter twang that leads into zippy refreshing acidity and pizazz.

BASED ON VERMENTINO, ANSONICA AND PECORINO WITH TOUCHES OF FALANGHINA, MOSCATO GIALLO AND NOSIOLA

## 2022 RED

Dr Pepper anyone?!? Raspberry, cherry, cola and plum, szechuan pepper, poppy seed bagel and sweet liquorice.

It's light on its feet with a sweet supple feel, lifted, pretty red berry fruits, raspberry jubes, moreish cured meats and a fine sandy texture and bounce... what's not to like!

BASED ON SAGRANTINO AND NERO D'AVOLA WITH TOUCHES OF AGLIANICO, UVA DI TROIA, TEROLDEGO AND PIEDIROSSO
